Seating

Torbay Perching Stool

The Torbay Bariatric Perching Stool has been developed for use in the kitchen and around the home, suitable for those who find it difficult to stand for longer periods. With larger footprint for stability, adjustable height, wide seat frame and reduced incline of seat for comfort and safety. Higher arm supports to aid getting on and off the stool.

- * Ideal for perching when working in the kitchen or at a bench
- * Adjustable seat height 7 settings
- * Easy clean
- * Weight Capacity 254kg
